

## Radiant Design Checklist

Here is a checklist you can use to keep track of your radiant heating design from the very beginning “research” stage to the the installation quote. Print off this page and checkmark each item as you proceed through the research & design phases.

- \_\_\_ I've been to Uponor's website and I know about the radiant materials and the installation methods that are available to me.
- \_\_\_ I've determined my available budget. My budget is about \$ \_\_\_\_\_.
- \_\_\_ I know the areas I want to heat:
  - basement
  - main floor
  - 2<sup>nd</sup> floor
  - garage
  - driveway / sidewalk snow melt
  - other: \_\_\_\_\_
- \_\_\_ I have the complete drawing of my house (blueprints, autocad file, hand drawn, etc).
- \_\_\_ For manual drawings, I made sure that everything is dimensioned correctly.
- \_\_\_ I know all the insulation values for:
  - ceilings - R \_\_\_\_\_
  - walls - R \_\_\_\_\_
  - floors - R \_\_\_\_\_
  - windows & doors - R \_\_\_\_\_
- \_\_\_ I know how I want to “zone” my house, or
- \_\_\_ I will have the Radiant Designer zone for me
- \_\_\_ I know all the floor coverings I'll be using throughout my home, where the Radiant will be, and I documented them for the Radiant Designer.
- \_\_\_ I have spoke with RBA Mechanical regarding any last minute questions relating to my specific needs.
- \_\_\_ I submitted all my documents to RBA Mechanical to begin the Design phase.
- \_\_\_ I paid my radiant design fee.
- \_\_\_ I received my design package and installation quote from RBA Mechanical.
